“ At this point in life, we have a tendency to ask questions: questions for ourselves, questions for others, questions of life and questions of faith. More often than not, we ask the same question of no one in particular.

Why? That is what we ask. The truth is, we may never know why with any certainty. But we do know that there is no single 'should have done' or 'could have done' or 'did' or 'did not do' that would have changed that why.

All that love could do was done.

We assure you that while there is nothing we can do to change what has occurred, we will be here for you. Our objective is to assist you through this time as seamlessly as possible, and we encourage your reliance on us to see that all details are arranged and carried through properly.

Our service to you does not end, but continues as you need us. We can assist with details which present themselves after, just as we are capable with those leading to, the funeral service. Please do not hesitate to solicit our advice on any matter as we are happy to be of assistance.
