“ When I heard the news that ‘Aunt Judy’ passed away, I felt a sadness in my heart. Hearing about her untimely death provided me with an opportunity to reflect on all the wonderful times spent with her during her family gatherings and parties. She was quite a hostess and entertainer. Aunt Judy always had a kind & generous heart. I remember many great things about her, but the one thing that I remember most is her ‘love’ for Elvis Presley and that brought a tender smile to my face. So, I am sharing a photo and quote from Elvis in this post. My deepest and most sincere condolences to Uncle Bob, Robby, Stephanie and family. I love you.

“ My deepest sympathy . At this time of sadness may you be comforted in the knowledge that others care. I’m Janet Tumolo Weron, a childhood friend of Judy’s . I lived across the street (on Scott st.). We spent many summer days just having fun and going up the street to the playground. Judy will always be remembered as a good friend, who was always up for an adventure and good fun. May she rest in peace !
